Mark Friedman, DPM * Morgan Hebert, DPM * Douglas Mason, DPM

Opportunity to join a busy, state of the art practice in the capital region of New York.

We have a current opening for a full-time podiatrist to join our team. Our practice has been steadily growing over the last 25 years and has enjoyed being an integral part of the medical team in our community. We have a constant flow of new patients and relationships with many doctors and hospitals in the area.

We have a modern office that does not have a clinic feel. We offer digital x-rays, MLS laser therapy, ECSWT, in-house vascular testing and more to help our patients recover as quickly as possible. We also offer a large support staff to help keep us on top of the latest rules and regulations and assist with the efficiency of patient flow. We will use all our resources to help ensure your success in our practice.

We are looking for a team player who is qualified and skilled but must have a good bedside manner and the ability to communicate well with patients. We would like someone who is professional and hardworking, and keeps a positive outlook.

We have had one associate for 10 years ago and another for 8 years. We are looking for another long-term fit to grow along with us! We are offering a very competitive compensation package with room for growth.

Albany is conveniently located 1 hour south of Lake George and the great Adirondacks and 2 1/2 hours from New York City and Boston. We are 30 minutes south of Saratoga Springs and the Albany area is home to several suburban communities with great schools.

If this sounds like a fit, please Email us at: albanypodiatry1@gmail.com
